Limit deviation for undeclared tolerance size of automobile welding processing parts

1 Subject content and scope of application

This Standard specifies the limit deviation for undeclared tolerance size in the automobile parts affected by welding procedure.

This Standard applies to the limit deviation for undeclared tolerance size and angle formed after welding processing.

This Standard does not apply to the welding size and weld size checked according to the master model.

2 Limit deviation for undeclared tolerance size of welding processing

2.1 The limit deviation for the undeclared tolerance of linear size shall be in accordance with Figure 1 and Table 1.
