Foreword

This Standard is the newer revision of QB/T 2801-2006 *Leather - Examination for acceptance, marking, packing, transportation and storage*, and QB/T 2802-2006 *Packing marking transportation and conservation of leather*, which are incorporated as a single standard after revision.

Compared with QB/T 2801-2006 and QB/T 2802-2006, the main changes of this Standard are as follows:

- CHANGE the standard name to *Leather - Examination for acceptance, marking, packing, transportation and storage*;
- REFINE the "Scope";
- ADD the "Normative references";
- Modify the "Inspection rules";
- ADD the "Marking" content;
- SIMPLIFY the "Packing" requirements;
- SPECIFY the "Transportation and storage" requirements.

This Standard was proposed by China Light Industry Federation.

This Standard is administered by the National Leather Industry Standardization Technical Committee (SAC/TC 252).

This Standard was drafted by organizations: Peak Ampuy Industry Co., Ltd., and China Leather and Footwear Industry Research Institute.

The main drafters of this Standard: Chen Ronghui, and Chen Rongshen.

From the date of implementation, this Standard replaces the previous Light Industry Standard QB/T 2801-2006 *Leather - Examination for acceptance, marking, packing, transportation and storage*, and QB/T 2802-2006 *Packing marking transportation and conservation of leather*.

This Standard replaces the previous standards as follows:

- QB 198-1962, GB/T 4693-1984, QB/T 2801-2006;
- QB 201-1962, GB/T 4694-1984, QB/T 2802-2006.

Leather - Examination for acceptance, marking, packing, transportation and storage

1 Scope

This Standard specifies the acceptance rules, marking, packing, transport and storage for finished leather products.

This Standard applies to various civilian leather products.

This Standard does not apply to those leather products used in special industries.
